103 Years of Educating Aquarists

THE PRESIDENT'S MESSAGE

June was our final event of the year and we really ended it with a huge BANG! Our guest speaker was **Chuck Davis**, whose topic for the evening was "*Gizmos, Gadgets & Other Good Ideas*." Chuck returned to Brooklyn after a long absence – the last time he gave a presentation to our Society was in 1991 (23 years ago). It was great to have him back. Several members from the North

Jersey Aquarium Society joined Chuck at our meeting. As always, Chuck's presentation was educational while also being hysterically funny. Chuck poked fun at many of our members during his Power Point show to great amusement. Chuck demonstrated how little household objects can be converted into useful aquatic contraptions and inexpensive, easy methods to change potential recyclable objects into filters, fry hatcheries and many other useful fishy items.

We had our annual elections and the majority of the Board kept their positions. A significant change was that **Charles Stein** had to step down because of health issues. Charles had been on the Board, in multiple positions, for over 20 years. Most of you remember Charles and **Ruth** as the charming couple selling shirts and books for us.

We are happy to add **David Manuel** to our Board as a Board member. He has been helping out as a volunteer for several months and has proven to be hard working and dedicated. David also has helped promote our Facebook pages with fantastic results.

Several of us went to the celebration of the 25th Anniversary of the **Tropical Fish Club of Burlington, VT** Aquarium Society, sharing the bus trip with the **North Jersey AS** people; members of the **Jersey Shore** and **Lancaster, PA AS** clubs joined us on the trip. We all had a great time. **David** and **Janine Banks** put on a wonderful weekend of events for fish and for non-fish people, which included a dinner cruise around Lake Champlain. Presenters such as **Eric Bodrock** and **Rachel O'Leary** gave informative talks that all enjoyed.

We had such a good time on the trip we want to do it again. We are contemplating going to the **Catfish Convention in Herndon, VA** on Friday, Oct. 17,

returning on Sunday, Oct. 19. Guest speakers include **Hans Evers**, Editor-In-Chief of *Amazonas* magazine, **Julian Dignall**, **PlanetCatfish.com**, **Ian Fuller** and many more.

Also we are looking into attending, by bus, the **Ohio Cichlid Association's 20 Years of Cichlids and Catfish**. Presenters will be **Ad Konings**, **Wayne Leibel** and many others, from Nov. 21- 23, 2014.

Anyone interested in going on either trip, please let me know. You must register for the hotels and convention registration. Cost for the bus depends on number of attendees.

We will take our needed rest, closing down for July and August. When we return on September 12, we shall have **Greg Sullivan** as our guest speaker, whose topic for the evening will be "*Saltwater For The Squeamish*." As always, the meetings will be at the NY Aquarium Education Hall. Doors open at 7:30 PM. And, as always, there is Free Parking and Free Refreshments.

Please visit our new website where you can read the *Bulletin* and enjoy a full color *Aquatica*. The interactive forums and sponsor sections are truly enjoyable. Provided you have given us your email address, you will be getting notifications of club events via email.

I am asking for your help and support. If you want to see different speakers or try different things, please let me know. The elected officials of the Brooklyn Aquarium Society are here to serve YOU! Please let us know what you want and why. It would be helpful to everyone.

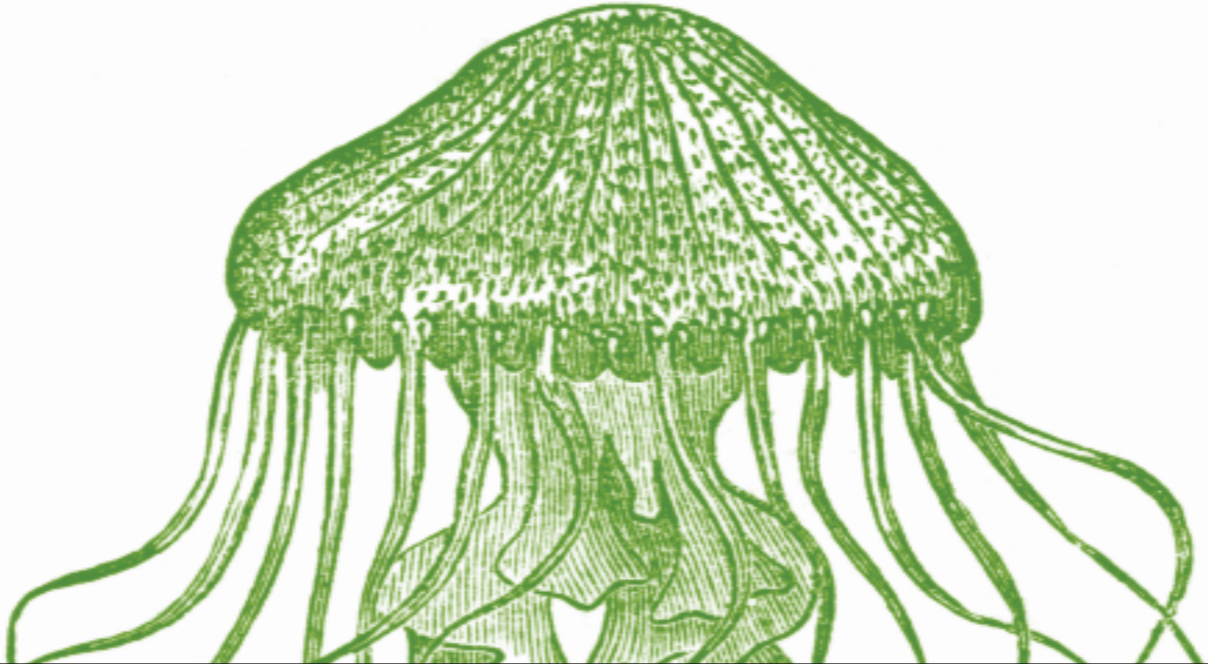

It is important that you visit and patronize our sponsors. It goes full circle: by helping them, they are also helping you as hobbyists and everyone is helping the Brooklyn Aquarium Society, so help us, help you!

For more info, please call our **BAS Hotline** at (718) 837-4455, or visit our modern website at **WWW.BROOKLYNAQUARIUMSOCIETY.ORG**.

On a more personal note - Any member who desires to attend a Board meeting, which are held at the Education Center of the New York Aquarium on the 1st Friday of the month, September through June, please notify me at (718) 238-1792 by the Tuesday previous to the

THIS MONTH'S SPEAKER

Greg Sullivan is this month's speaker, who last spoke to the Society in November, 2009 on building filter systems for fresh and marine aquariums.

Greg has been married for 28 years and has three children. He owns **Aquarium Technologies Ltd.**, an aquarium design and service company which he founded back in 1989. His company built, installed and maintained the central filtration systems for many stores and wholesalers throughout the tri-state area. He is very well versed on the ins and outs of filter design and installation. Greg tells us that his profession is aquariums, but his avocation is music.

At this month's event, Greg's talk will be titled
"Saltwater for the Squeamish."

As usual, Greg will be available to answer your questions after his discussion, which will be filled with up-to-date information and is the sort of talk the BAS is famous for. So if you're thinking about, or have already taken the plunge into marine fish or reef keeping, this is a meeting you don't want to miss. Greg might help you become a better aquarist...and your fish and corals will thank you.

PLEASE VISIT OUR NEWEST SPONSOR WORLD CLASS AQUARIUM AND WELCOME THEM TO THE BAS!

WORLD CLASS AQUARIUM is right in the heart of Brooklyn at 2015 Flatbush Avenue. Serving the hobby since 1986, they have been New York's premier aquarium and pet shop for 28 years and have been recognized by *New Yorker* Magazine as the *"best aquarium supply store in the five boroughs."* World Class offers one of the largest selections of freshwater, marine fish, corals, plus a full line of aquarium, bird, and small animal products.

They specialize in design and installation of display aquariums for educational and institutional settings, do professional aquarium maintenance for home or office and -- check this out -- they will build glass tanks to your custom specifications.

World Class also stocks a huge selection of large and small tanks and cabinets: bowfronts, reef ready tanks, coffee table aquariums and custom wet/dry filters. They actually have a marine biologist on staff! This is one great store.

If you're into birds, they have a huge selection of hand-fed baby parrots, African grays, cockatoos, macaws, Amazons, conures, parakeets, and canaries. All the birds are healthy, spoiled and pampered. Give them a call to see what new babies have arrived. (718) 258-9653.

World Class is owned by two hobbyists who offer a personal touch and pride themselves on "world class" quality.

Both **Allan** and **Robert** are always available with free advice, so call them any time with your questions! You can also subscribe to their Newsletter.

Oh, yes... buy some fish!

WE ARE EXCITED TO WELCOME ANOTHER NEW SPONSOR! AQUARIUM VILLAGE

We are proud to welcome **AQUARIUM VILLAGE** as a new sponsor. They're located in Westbury only a short ride on the Meadowbrook Pkwy to Old Country Road east exit. Unlike most LI Fish Stores, Aquarium Village gets 4 to 5 livestock shipments per week. At first glance, the 4,000 Gals. of marine fish, over 1,000 corals and frags, the dedicated invertebrate section, might make you think Aquarium Village was only a saltwater specialty store. At second glance, you'll see a large African cichlid section, 1,000 Gals. of tropical fish, goldfish, koi and plants. There're also 2 tons of live rocks and a 44 cubic foot freezer with the largest selection of frozen food you'll ever see. In addition to all the livestock, Aquarium Village boasts a wide range of equipment, accessories and supplies to fit all your needs. A well-trained and friendly staff is on hand to answer aquatic questions and provide top quality service. They also do installation and maintenance. **Richard**, the owner, has made a commitment to BAS members. He will donate to monthly meetings and events. He also welcomes group buys and offers specials to BAS members as well as unbeatable prices for new tank set-ups.

This is a "must visit" store.

Their hours are **Mon - Sat 11 - 9 • Sun 11-6.**

They're located at

473 A2 Old Country Road, Westbury.
